Subject: CONTRACT SC-56

Ref: Your letter dated June 18, 1956
same subject.

Dear Doug:

You mentioned in the referenced letter the name [REDACTED] to the effect that he was not included in our special payroll at the base of operations. The reason for his not being included is that [REDACTED] is an employee of [REDACTED] and is employed on the project under a contract between [REDACTED] and the Contractor. This arrangement was considered advisable by [REDACTED] having the effect of reducing the number of Contractor representatives that your people in the field will have to deal with. Financial arrangements for supplying needed funds to [REDACTED] have apparently been made with him by [REDACTED] as we have had no requests for funds either from [REDACTED]

There may be additional [REDACTED] employees under our contract with them for other bases of operation, and there may be a future requirement for some arrangement similar to the special payroll arrangement for our own employees. In case this should come about, then special instructions will have to be issued at that time.

Yours very truly,

Hal
